coconut island is a beautiful, tropical island with of course coconut palms .golden beaches and clear blue sea .I'm sorry I made a mistake there coconut Island was a beautiful island there are still coconut palms golden beaches and clear blue sea but not like before .So , what happened ?

well ,the beach is full of people, sunbeds and umbrellas . There are fewer palm trees because there are more and more buildings. Hotels ,holiday resorts ,guesthouses ,restaurants swimming pools.... you name it ,Coconut Island has it .Paradise is no longer here but the Paradise Hotel is .

Perhaps I'm the only one who has a problem with this? The tourists seem happy ,the weather is wonderful ,the food is tasty and cheap and the sea is warm .The local people seem happy: There are many people selling things on the beach, there are lots more jobs and better roads .The developers are certainly happy, there is building work everywhere. So why am I unhappy ?

well, I have a friend who was here five years ago. Her photo album is full of wonderful pictures of empty beaches .Also she has of small ,wooden bungalows on the beach .No need to book , she said . just turn up and you have the place to yourself- very basic, very cheap and very peaceful

Not anymore ! The beach is never empty - It's packed all day ! there's music blaring from the cafés, children are shouting and screaming ,and the hotels are very expensive.

But perhaps this is progress ? and there are many new businesses opening all the time .
