The Text

Whitney's Story

(1) There was a time when Whitney didn't have a lot of friends. She was a bit shy and reserved. She never really wanted to be popular, but she did want to have a friend to share secrets and laughs with. She believed that friends are as important as family.

(2) When it was time to go to college, Whitney was quite nervous. But in the first week of classes, something happened that changed Whitney's life forever. In her English class, the teacher asked the students: "What is your goal for this class?" Most of the students said it was to get a good grade, pass the class or something similar, but Whitney said something entirely different. She said that her goal was to make just one good friend.

(3) So, one student came to Whitney and held out his hand and introduced himself. He said he wanted to be her friend. She smiled and stretched her hand out to take his and a friendship was formed.
