***B* LANGUAGE: (12 marks)**

***Activity (1): Put the words in brackets in the right tense or form: (3)**

The following is a list of reasons to get rid of cigarettes once forever. You are probably here because you want to quit(smoke)..... It can (hurt)..... you or even cause your (die)..... When we ask people why you smoke they just answer :“ everybody does it” so why not try it. They never think that they may become (addiction)..... that’s why people say it’s just so much (easy)..... not to start it at all. This nasty habit causes cancer and heart disease. It can also shorten your(live)..... by ten years and it costs the smoker thousands of dollars a year.

kill it before it kills you

***Activity (2): Fill in the blanks with words from the box: there are 2 extra words (3.5)**

Land - destroyed - cut - because - so - animals - furniture - habitats - forests -

Before the end of this lesson another hectare of the world's..... will be destroyed forever. Why is this happening ?

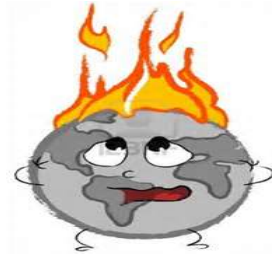

There are two reasons; land and wood. In many countries the trees have been down because theis needed for plantation. In other parts of the world the trees are cut down their wood is needed for firewood, buildings or Unfortunately the trees won't be replaced and the soil becomes thin. Moreover, the homes of millions of wild..... and plants are

*Activity (3): Circle the right option: (3)

Polar bear

global warming

Ice caps

How is global warming changing our life? Temperatures are getting higher. We think the world will be 3 degrees (warm - warmer - warmly) by the end of this century. Sea levels will rise (because - so- but) the polar ice caps are (melt - melting - melts). This means that a lot (on - off - of) important towns (will - must- don't) disappear. That's why we have to stop (polluting - pollution - pollutant) the air and logging . We need to plant more trees instead.

*Activity (3): Match sentence parts to get a coherent paragraph: (2.5)
