3- Circle the right alternative(3)

Smoking is bad for your health. People who smoke tend to die **(older/ later/ younger)** than those who don't. They are likely to catch **(diseases/ chemicals/ particles)** like lung cancer and their skin wrinkles sooner. The nicotine in tobacco is a drug. Therefore, it is **(addicted/ addict/ addictive)**. This means that when you start smoking, you **(won't/ will/ must)** be able to give up easily. **(Because/However/In addition)** smoking may **(prevent/ solve/ cause)** breath problems. For these reasons, it is best not to start smoking. If you have already begun, try to stop before it is too late.

4- Write each statement in front of its function in the table. (3.5)

- Hi Susan! **Can you help me with my project work, please (1)?**
- With pleasure. What is it about?
- It is about the Earth day.
- **What is Earth Day(2)?**
- Well, Earth Day is an international day on which **everyone should take part in protecting the environment(3)** even with the smallest actions. We can also campaign for a better environment through different ways. **Smokers have to stop smoking(4)** because **they might cause many risks(5)** to themselves and the environment. **Don't forget to find out pictures and posters about the topic(6)**. It is important.
- Yes, **I am thinking of taking some from the net (7)**. Thank you for your help.
